

Appl. No. : 10/764,012
Filed : January 23, 2004

SUMMARY OF INTERVIEW

Applicant thanks the Examiner for the personal interview which occurred on December 12, 2006, at the United States Patent and Trademark Office.

Identification of Claims Discussed

All of the pending claims were discussed in the interview.

Proposed Amendments & Support

Applicant proposed that the independent claims be amended to incorporate the hydroxyl numbers. In addition, some of the claims would also incorporate the relative weight percent ratios of the respective polyols. Support for these amendments may be found in the Examples and are further discussed herein.

Results of Interview

The Examiner agreed that these proposed amendments were supported by the specification. The Examiner also stated that the amendments appear to overcome the references of record.
